

LOOKING AHEAD: TOP 5 INITIATIVES FOR 2026

Your generosity will support your local community and conservation efforts around the world through the following initiatives:

Leaping Lemurs

A new Madagascar-themed exhibit is in development, featuring multiple species of lemurs and radiated tortoises

Conservation HQ Rehabilitation

Renovation of the old animal hospital to serve as a homebase for animals confiscated from the illegal wildlife trade.

Membership in Action (MIA)

Our signature conservation initiative of the year. We will partner with conservation organizations doing work in the field to strengthen ecosystems and remediate threats to species survival.

In-Situ Conservation

Continued support for our Turtle Back Biodiversity Fund and esteemed volunteer program, Zoo Team Go.

Zoo Enhancements

Capybaras are returning! We are creating a new habitat to participate in their Species Survival Plan.
